

7th Mini Team Baker Tournament

We will be having a Baker tournament on the second week of our bye. Usually we take 2 weeks off between seasons, but we have decided to have a challenging , yet fun tournament for those who still want to bowl on that Thursday. Most of us don't know what to do on a Thursday anymore... Sept. 5th, 2002 is the date!!!!

Rules:

1. Each team will consist of 5 (five) bowlers any combination ,team entering average cannot exceed a total of 950. This is all the averages of your team members added up. This breaks down to about 190 per bowler. So, a 210 bowler will also have to have a 170 bowler to even things out. This will prevent stacked teams.
2. Bowler #1 will bowl the first frame , bowler #2 will bowl the second frame, etc... then the first bowler will again now bowl frame #6 .. All the way down to the anchor bowler bowling the entire 10th frame.
3. This is entirely a team score and it is very challenging. We are planning to start about 9:00pm League time , with each team bowling maybe 6 games. Each game takes about 15 minutes so we will finish up about 10:45. This is actually only about 12 frames per person being bowled.
4. Each team will move after each game so we hit all the pairs of lanes. Fee to bowl will be inexpensive maybe \$5.00 per bowler. We haven't really decided yet.
5. We may allow bowlers and teams from outside our league, but it has to be from nikkei leagues only.
6. There will be prize money for the winning teams and it will be a new bowling experience for everyone.
7. Please fill out the following information if you want to reserve a team spot. Use book average for this season as your entering average. Please fill out bowler names and averages below
Individual scores will not be kept. This is strictly team games.
